

TRUE AMERICANS & HOW EUROPEANS OCCUPIED THE AMERICAS.

Europeans started calling themselves American when they are in reality/fact still is; and will always be; Europeans as they masquerade as Americans/Al Moroccan. "Muslim Africans brought millions of European slaves over the centuries into the North African ports of Sale, Tangiers, Tunis, Tripoli, Fez and Marrakesh and the Northern Egyptian towns. Literally millions were documented as being freed in North Africa by various Christian organizations in Europe..." (James Wellard, *Lost Worlds of Africa*) "...Notes of Sir Walter Scott on Spanish Chronicles which say that European Christians in Spain were forced to pay tribute to the Moors in the form of women..." (J.A. Rogers, *Nature Knows No Color Line*) "...in 1721, King George I spoke of the great number of subjects that had been delivered into slavery in North Africa. One rather famous Moorish Sultan, Mulai Ismail of Meknes in Morocco, a few centuries ago, had as many as 25,000 European slaves who participated in the building of his colossal stables. Many of the same Europeans brought by the shipload to Africa were then sent to America where they remained in indentured servitude" (Ivan Van Sertima, *Golden Age of the Moor* p. 94)

"I can't tell a lie, Pa; you know I can't tell a lie. I did cut it with my hatchet." "Run to my arms, you dearest boy," cried his father in transports, "run to my arms; glad am I, George, that you killed my tree; for you have paid me for it a thousand fold. Such an act of heroism in my son is more worth than a thousand trees, though blossomed with silver, and their fruits of purest gold."

- 'Parson Weems' Fable', a 1939 painting by Grant Wood, depicting both Weems and his famous "Cherry Tree" story.

Noble Drew Ali revealed to The Moors our true political and historical connection to our ancient Moroccan Government and Moabite ancestry as with the modern evolution of the united States Republic in which our Moroccan flag is over 10,000 years old, whereas their Star spangled banner (not a flag) of 1889 is only 124 years old.

A flag is the standard symbol of a National sovereign of a Free National Constitutional Government. Moors clearly had and still have a government that our Ancestors established over 10,000 years ago; whereby our National Flag does not exist outside of our national sovereignty of our Free National Constitutional Government.

Reasoning:

Chinese Nationals that give birth to their child in America; does not make the child American; the child is still Chinese by bloodline and pedigree; as with an Aboriginal Moorish American National that gives birth to a child in China; does not make the child Chinese; thus Europeans are still Europeans - not Americans.

WHERE THE WORD AMERICA CAME FROM

The Great Vowel Shift was a major change in the pronunciation of the English language that took place in England between 1350 and 1700. The Great Vowel Shift was first studied by Otto Jespersen (1860–1943), a Danish linguist and Anglicist, who coined the term. Because English spelling was becoming standardized in the 15th and 16th centuries, the Great Vowel Shift is responsible for many of the peculiarities of English spelling.

Untold HISTORY (His Story) and MYSTERY (My Story). The Real Deal.

Between 1500 – 1800s the Moroccan Empire and Europeans (Great Britain, Spain, France, Netherlands (Dutch), Portugal, and Germany) had extensive political relations where European Powers negotiated treaties with the Moroccan Empire; they were at war with the Moroccan Empire; they colonized and set up Trading Posts and Colonies in portions of the Americas; European Citizens (Merchants and Sailors) were captured and held in captivity by the Moroccan Empire, thus, Europeans were enslaved by the Moroccan Empire; European Powers paid annual tributes to the Moroccan Empire to assure passage unmolested on the high seas; European Powers paid high ransoms to the Moroccan Empire for the release of European prisoners captured by the Moors, and European Powers captured Moors and held them in captivity until they had been ransomed.

A tribute was wealth recognized by the Roman/European payer as political submission to the payee/Moroccan Empire in the form of large sums and/or assets to prevent attacks and/or seizing their ships and citizens for trespassing.

BARBARY TREATIES:

1662, 5 October - Treaty of Peace and Commerce between Great Britain and Tunis, 1662, 10 November - Treaty of Peace between England and Algiers, 1664, 30 October – Articles of Peace between Great Britain and Algiers, 1676, 15 March - Articles of Peace and Commerce between Great Britain and Tripoli, 1716, 30 August - Treaty of Peace and Commerce between Great Britain and Tunis

Albion Europeans by the names of; Francois Bernier (1625–1688), Carl Linneaus (1707–1778) and Johann Friedrich Blumenbach (1752–1840) created the race classification system that put the human family in categories based on genotype and skin tone; thus, the creators of racism, and as the authors; they are the true - racists. Europeans then wrote their history absent of the aboriginal Moors; even though their policies were formed based on our demands of high tribute payments and the seizing their ships and capturing Europeans and demanding high ransom as a sovereign Moroccan Empire authority, and not as pirates or groups unconnected with government - as told by the Europeans in his his-story books of altered depictions of historical events. The European does not want the world to know that The Moroccan Empire/Moors had a structural government before they arrived to the extreme far west of Amexem/Africa/The Americas, and that the Europeans were enslaved by the Moors themselves. European, Captain Samuel Nicholas, 1st Commandant of the Marine Corps (1775–1783) formed two battalions of Continental Marines (forces for the colonies in America); a branch of the United States Armed Forces.

THE BIG IDENTITY THEFT

European economic policies were influenced by Moors due to the battles that took place on land and sea, but nothing is mentioned in our history books. True Americans/Moors have been stripped of our noble titles and labeled Negro, Colored or Black, as classified in the United States Census from 1790 to 2010, and as Black in Directive #15 in the Federal Race and Ethnic Standards for Statistics and Administrative Reporting by the Office of Management and Budget (OMB) which is an abrogation of the contract/Constitution/Treaties that the Moorish Empire had allowed the Europeans to enter into. Instead, the European invader as with their government occupiers have unlawfully usurped the position of the Aboriginal Moors as substitute sovereigns (not the real) as they now claim to be Americans by birth for which they can never be.

Europeans and their descendants are not American; can never be American; only United States Corporate Citizens, and only sovereign from which they came - Europe.

The real Americans are labeled: negro, colored, black, african-american, mexican, puerto rican, latino, hispanic, jamaican, dominican, etc., and are the aboriginals/indigenous of the North, Central, and South Americas, and the adjoining islands – not Albion Europeans that came from Europe.
